

FAST[™] Crank Trigger Introductory Trade-In Program

EFI leader set to begin limited-time crank trigger trade-in promotion to provide incentive for racers & performance enthusiasts to upgrade to the new FAST[™] design

FAST[™] is instituting a new program, beginning April 1, 2010 and running through July 31, 2010, that will allow customers to trade-in their current non-FAST[™] crank triggers to purchase a new FAST[™] unit at a special discounted price of \$129.95 (regularly priced at \$230.61). That's a savings of over \$100 dollars to put the latest development in crank trigger technology to use in your vehicle.

The new FAST[™] Crank Trigger design eliminates the possibility of inaccurate or inconsistent rpm measurement while utilizing a more precise & durable sensor and steel wheel that is thinner, weighs less and requires less space than competing aluminum units.

Customers eligible for this introductory special offer must ship their current new or used crank trigger (must include wheel, mounting bracket and sensor) at their own expense to FAST[™] at the below address. For complete offer details, please visit www.fuelairspark.com/promo.

FAST

**Attn: Crank Trigger Trade-In
3400 Democrat Rd.
Memphis, TN 38118**

This promotional trade-in is only offered directly through FAST[™] and is NOT available through the normal FAST[™] dealer network. Eligible FAST[™] Crank Trigger part numbers include: **#301270** (SBC 7"); **#301280** (SBC 8"); **#301180** (BBC 8"); and **#303565** (SBF 6.562").

For more information about the FAST[™] Crank Trigger Trade-In Program or FAST[™] Crank Triggers, call us at 1-877-334-8355, or visit us online at www.fuelairspark.com.
