

Inglese™ Induction For Big Block Chevrolet Engines Now Available

New system features four 48mm Weber IDA carburetors in a complete pre-tuned, ready-to-bolt-on induction system for street rods and kit cars

Inglese™ announces the arrival of their ready-to-bolt-on Big Block Chevrolet 48mm IDA Weber Eight Stack Induction System. The stunning, high performance induction package features pre-tuned jetting and pre-synchronized linkage for easy, hassle-free installation. The blueprinted Weber carbs eliminate stereotypical Weber challenges and provide tremendous power for street or racing performance as well as a high impact first class appearance.

The Inglese™ Big Block Chevrolet induction systems are completely customizable to the buyer's needs, including optional custom painting, chrome finishes and highly polished components. The Inglese™-cast tall intake floor provides excellent performance and increases the cool-factor, making for a really tall system that looks great. For everything from street rods and muscle cars to racecars, nothing can match this impressive induction system.
