

COMP Performance Group™ To Play Major Role In 2016 St. Paul Street Machine Nationals

Memphis, TN – Each third weekend in July, the Minnesota State Fairgrounds in St. Paul turns into a gearhead's dream. The COMP Performance Group™ (CPG) will be front and center during the 2016 St. Paul Street Machine Nationals, taking place from July 17 – 19.

More than 7,000 street machines and muscle cars are expected to visit the Gopher State in 2016 for one of the nation's largest and most prestigious automotive events. In addition to the dazzling array of vehicles, the massive event features a burnout contest, autocross competitions, a Miss Street Machine Nationals pageant, plenty of cruising and much more. The COMP Performance Group™ display trailer will be in its normal prime location at the northeast corner of Cooper Street and Randall Avenue. Techs will be available to sell products and apparel, as well as provide support and advice. Also on hand will be the COMP Performance Group™ VIP Area. VIPs were hand-selected via social media and will receive prime parking, goodie bags, product samples, discounted merchandise and refreshments. Each vehicle features components from one or more CPG brands, which include: COMP Cams®, FAST®, TCI®, RHS®, Quarter Master®, Inglese™ and ZEX™.

COMP Cams® will serve as the event's Main Stage sponsor, where attendees will have the chance to win product certificates from CPG brands. In addition, they will see CPG signage and hear a variety of PA announcements throughout the event. The COMP Performance Group™ social media team will be on the ground to document all the action on Facebook, Twitter and Instagram as well. To learn more, visit www.streetmachinenationals.net.
