Edelbrock Performer RPM Cylinder Heads for Oldsmobile Big Block V8 Engines

TORRANCE, CA – Edelbrock has heard the requests from the Oldsmobile faithful and is responding by releasing a new and improved Performer RPM Cylinder Head for the Big Block Oldsmobile V8. This new head features a modern 77cc combustion chamber, new larger 2.150" intake valve and updated ports for improved flow characteristics. The head has an updated water jacket for excellent cooling and to better accommodate a relief for factory style mechanical fuel pumps. It is intended for installation on 1965-1976 Big Block Oldsmobile Engines with non-emission 400-455 c.i.d., with a 4.125" min bore.

Edelbrock has retained the thick 5/8" deck, bronze guides, ductile iron seats, one-piece stainless-steel valves, and high-quality rocker studs. The updated ports are excellent out of the box, but porters will rejoice at the thick port walls and added material above the intake port. Designed in-house, these are cast from A356 aluminum, heat-treated to T-6 specs, and machined in Edelbrock's Southern California manufacturing facilities for unsurpassed quality.

- 77cc heart shaped chamber with optimized spark plug position for a more efficient burn, outstanding horsepower & tire-shredding torque
- Improved intake & exhaust port flow w/ OEM position intake port entry/exhaust port exit
- Factory pedestal-mount valve train upgraded to 7/16" screw-in stud and 3/8" pushrod-slot guide plate for increased valve train stability
- Helicoil inserts in the exhaust & rocker stud threaded holes
- Pre-counterbored head bolt holes for 1/2" diameter studs
- Center exhaust port exit is separate with no heat cross over
- Added material above intake port
- Mechanical fuel pump clearance cut

Port Volume Intake/Exhaust	Description	Complete (Single)	Max HP	Exhaust Port Location	Chamber Volume	Valve Sizes Intake/Exhaust	Camshaft Type	Max Lift	Valve Spring Diameter
218/128cc	Performer RPM	61025	450-600	Standard	77cc	2.150"/1.680"	Hyd. Roller	.600"	1.46"
218/128cc	Performer RPM	61029	450-600	Standard	77cc	2.150"/1.680"	Hyd. Flat	.600"	1.46"
